Arc Light EFX, Inc.

July 1st, 2020

To: Our Clients, Customers, Friends & Colleagues,

It is with a very humble sense tempered with pride that Arc Light EFX, Inc., Pacific Gel and Brite Box Inc. announce that we will be closing our doors. Our family business has been placed in financial stress caused by the COVID 19 lock down. Thus, we will be retiring from the lighting equipment rental business.

The rental assets owned and held by Arc Light EFX, Inc. will be sold at an internet Auction August 6th, 2020. Inspection will be provided August & 5th, 2020. More info will be provided in the days to come.

I became a partner and part owner of Arc Lighting Inc. in 1986. Many of you know the history and evolution of the Arc entity. I have spent all of the years from 1986 to the present attempting to keep the lights shining brightly in California, North America, and in some very interesting places around the world.

I even inducted my wife Kary and our son Quinn into this industry in 1996. Kary is the CFO and Quinn has become the brightest bulb in our family.

Kary and Quinn have been a pillar of support. I would get after hour calls from clients stating that they were having issues with our rental equipment and I would either troubleshoot the issues over the phone or in the really fun cases when I would have to run to the shop and get parts tools or another unit to keep the show on schedule.

Remaining competitive as a family business in these corporate times has been a challenge. More than anything else it has been an honor and the experience of a lifetime. I am very grateful to have had the opportunity to be involved and support so many projects and work with so many gifted and talented people. Projects in entertainment, space travel, solar simulation & medical research.

It is my desire to continue to provide support and service to our industry and when production is able to resurrect itself from the confines of the virus, I hope to still be able to provide my skillset and knowledge to productions. More importantly I hope to be able to place myself back in circulation so that I may enjoy the comradery and company of the people in the industry that I love so much.

Our sincere thanks to all of you for your support over the past 44 years that we have worked in the entertainment business and we thank you all that know who to call when you have a dim light!

Be Blessed and be safe.

Gregory A., Kary & Quinn Smith
